

GIL WALSH INTERIORS

DESIGN PORTFOLIO

Studio Overview

The GW Interiors approach is a marriage of classic design principles and risk taking execution. It's the intuition to know which rules to break and when and where to add color that only comes from over 30 years of experience. It's where traditional and contemporary meet to create an original work of perfection.

Gil Walsh

Known for her extraordinary eye for design, color and fabric, Gil Walsh has led over \$200 million in design work over 30 years. Her classical training and apprenticeships with master craftsmen in furniture fabrication, wood working, and plastering, comes to life in her design work.

As a life-long student of classic design and principal of an acclaimed design firm, Gil is passionate about her work, and takes great pride in sharing her knowledge and experience with her clients.

By quickly building rapport and trust, Gil and her team act as both an advisor, guiding clients through a thorough design process, and a partner, collaborating with them to create an expertly stylized version of their own personal expression and lifestyle.

Interior Designer

Kelly Sullivan
3D Interior Designer

Michael Roefaro
Chief Financial Officer

Adriana De Armas
Purchasing Agent

Lydia Liscom
Interior Designer

Lily McAlpine
Project Designer

APPROACH

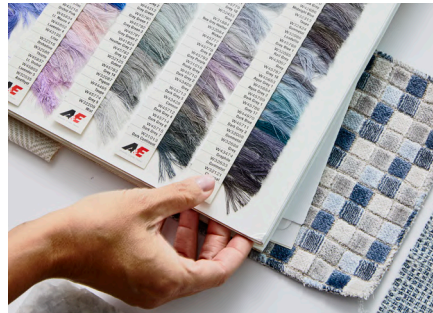

Approach

Foundation of Inspiration

In our initial meeting, we lay the groundwork for your project, sharing creative concepts and images to understand your personal style on a deeper level and determine the design direction and the budget.

Luxury in Every Detail

Once we have a clear understanding of your vision, we prepare 2-3 schematic designs within the suggested budget with detailed suggestions on floor plans, milling, fabrics, carpets, and more.

Your Style, Realized

Upon approval of the selected theme, we finalize every detail to present a definitive estimate. Once the furnishings contract is signed and deposited, we begin the procurement process for the final installation.

KITCHENS

Kitchens

A modern bedroom interior featuring a large bed with a white duvet and a woven headboard. The bed is flanked by two bedside tables, each with a lamp and a vase of flowers. A wooden bench with a striped blanket and a straw hat sits at the foot of the bed. A large window with white shutters is on the right, and a large glass door with white frames is on the left, leading to a tropical outdoor area. The room has a light-colored wooden floor and a patterned rug. The word "BEDROOMS" is overlaid in the center in a white serif font.
